

Blount Petroleum Out of Gas Policy

- 1. If your tank runs out of gas, we are required by law to test leak and inspect your tank.**
- 2. If you are at home when we make a delivery to a tank that has run out of gas, our driver can perform the leak test and inspection for a charge of \$35.**
- 3. If you are not at home during the time of delivery, we will lock your tank out and a service technician will have to be dispatched to perform the leak test and inspection charge of \$65.**
- 4. If you are a automatic customer you will not be charged for this service unless you have run out due to not paying your account as required.**
- 5. If you are a call-in customer, you are required to notify us when the gauge is 15-20%. You are also required to give us at least 3-business days notice.**
- 6. Failure to abide by this policy will make you subject to termination by our company without notice.**
